A Pocket Adventure: Autumn in the Mohawk Valley

The weather is starting to change, and it is something we can all feel. It's always sad to see summer go, but the crisp mornings of September can bring a little thrill as we look onward to autumn adventures – craft fairs, pumpkin spice, sweater weather...and Oktoberfests.

A great way to enjoy the turn toward autumn is a day in western Montgomery County at the Arkell Museum in Canajoharie and at Eisenadler Brauhaus in Palatine Bridge.

Please be aware:

Check all stops before heading out. Some locations may be subject to change and we'd hate for you to hop in the car only to find out they are not open yet when you arrive or worse, have closed their doors.
